FRAMEWORK FOR PLANTING TREE

1. Select a Day on which is happiest, for eg. New year, birthday, Marriage Anniversary.
2. Every year on this day I would plant two trees. (Bhutan)

why this will work

1. On the birthday, most people will come, relatives, friends, communities
2. The best birthday will be the one which plants the most trees.

IF YOU ARE NOT PART OF THE SOLUTION THEN you are part of the problem  
Stop the blame game, because the blame game will not lead to any solution
